

# Total Fleet Solutions

**CCS: the driving force for all your fleet needs**

Crown  
Commercial  
Service

# Acquire

## You need to:

buy lease and hire vehicles in an easy and cost-effective way

## CCS offers you:

- **easy to use portal:** online quotes with a full breakdown of costs, so you can compare manufacturers, buy vs. lease prices and whole life costs. Supports decision making for both operational and salary sacrificed vehicles
- **choice:** a wide range of vehicles from cars, 4x4s and motorcycles to vans, commercial vehicles, minibuses and coaches. Buy outright, contract hire, rent longer term or spot hire
- **great discounts:** an average of 11.3% better discounts off manufacturer's retail price for vehicle purchase, compared to other similar sized operators. Suppliers on the CCS lease and conversion agreements can also access these rates for you
- **direct order options:** standard cars and light commercial vehicles can be bought, leased or hired without the need to run a further competition
- **sustainability:** electric, alternatively fuelled and ultra low emission vehicles available
- **local relationships:** choose a local dealer for delivery and after sales service
- **bulk buying:** join an eAuction and make even greater savings by combining your requirements with other organisations. Standardised vehicle specifications and the bulk buying power of CCS will help make your requirements more attractive to suppliers

## Through these CCS frameworks:

- Vehicle Purchase (RM6060)
- Vehicle Lease and Fleet Management, lots 1 and 2 (RM6096)
- Vehicle Hire (RM1062)

# Maintain

You need to:

**Keep your fleet on the road**

CCS offers you:

- **service, maintenance and repair:** including emergency breakdown service and tyre replacement
- **savings:** for example, average savings of 16.6% on tyres, compared to other similar sized operators and 1.94% on fuel based on pump price
- **expense management:** fuel cards mean employees don't need to make expense claims and you get one consolidated invoice
- **management information:** better manage your fuel costs and spend less time dealing with administrative tasks
- **sustainability:** carbon emission and environmental impact reporting
- **bulk buying:** of vehicle fuel, grease and lubricant

**Through these CCS frameworks:**

- Vehicle Lease and Fleet Management, lot 3 (RM6096)
- Supply and Fit of Tyres (RM3767)
- Fuel Cards and Associated Services (RM6000)
- National Fuel Services (RM3801)

# Sustain

## You need to:

- meet your sustainability targets
- reduce the use of employee vehicles for business purposes
- improve traffic management in your locality

## CCS offers you:

- **sustainability:** access to full range of electric or ultra low emission vehicles
- **car share solutions:** shared fleet and pay as you go models to help you reduce the cost of mileage expenses and ease on-site parking issues
- **transport solutions:** including smart traffic management technology, data and transport and infrastructure solutions, such as electric vehicle charging points

## Through these CCS frameworks:

- Vehicle Lease and Fleet Management (RM6096)
- Vehicle Purchase (RM6060)
- Vehicle Hire (RM1062)
- Traffic Management Technology (RM1089)
