Strategic

Even for the most experienced procurement professional the public sector consultancy landscape can often appear complex and confusing. So, we've designed this handy guide to help you quickly find the right CCS management consultancy solution to meet your business needs.

We want to ensure you can source suppliers with the right capabilities, capacity and experience for your projects in a fast, efficient and compliant way.

## What we offer

### Assurance

-  all our suppliers are Cyber Essentials accredited
-  standard terms and conditions
-  financial monitoring of suppliers

### Choice

-  a wide range of suppliers from SMEs to large multinationals
-  sector based lots give you access to a broad range of industry experts

### Easy access

-  a selection tool to help you quickly shortlist suitable suppliers
-  comprehensive guidance and templates to make getting started as straightforward as possible

### Expertise

-  all suppliers will share their knowledge with you as part of their contract, meaning you can build your organisation's future capability
-  all suppliers can help you put their advice into practice, if required
-  procurement support from a dedicated and knowledgeable team at CCS

### Value for money

-  maximum rates are capped for the life of the framework
-  further competition is the recommended way to ensure best value
-  choice of pricing models including fixed, risk and reward or time and materials

# Management Consultancy Framework (RM3745)

## About CCS

We're the biggest public procurement organisation in the UK. We use our commercial expertise to help buyers across government and the public and third sectors buy a wide range of common goods and services, from laptops and electricity to cars and temporary staff.

The collective purchasing power of our customers, combined with our procurement expertise, means we can help you get the best commercial deals in the interests of your stakeholders and taxpayers.
