OCASTA STUDIOS LIMITED	Ocasta, Oplift	Yes	Ocasta Studios is a Brighton-based SME. It provides a 'gamified' learning system called "Albert" to improve knowledge among public-facing staff which uses 'Spaced learning' to counteract the Ebbinghaus forgetting curve effect, where knowledge is lost over time.
PFI Knowledge Solutions Ltd Trading as Placecube	Placecube, PFIKS	Yes	Placecube is a Reading based SME. It develops integrated digital services, turning them into re- usable products that government can more easily consume. Co-designed with government, we have already created quick-to-deploy, re-usable solutions for local public services, community collaboration and place-based service directories and we continue to create simple, fast ways to help deliver better digital user experiences with intelligent personalised services, engaged community collaboration and secure information exchange. All our solutions are based on leading open source technologies and an open ecosystem of re-usable digital components that we deploy across government so our clients access proven, well-designed digital services that already exist and don't pay extra for unnecessary re-development. Our approach to re-use and co-creation offers a new style of sustainable partnership that enables our clients to operate their own digital solution and deliver better services at far lower costs than traditional offerings.
PINACL SOLUTIONS UK LTD.	Pinacl Solutions UK Ltd	No	Pinacl Solutions is a Welsh SME focusing on Internet of Things and Smart Places.
