

DPS Schedule 1 (Specification)

1. Introduction

- 1.1 This Schedule sets out what we and our Buyers want.
- 1.2 The Supplier must only provide the Deliverables for the Filter Categories to which they have been selected as part of their RM6225 Selection Questionnaire (SQ).
- 1.3 For all Filter Categories and/or Deliverables, the Supplier must help Buyers comply with any specific applicable Standards of the Buyer.
- 1.4 The Deliverables and any Standards set out below may be refined (to the extent permitted and set out in the Order Form) by a Buyer during an Order Procedure to reflect its Deliverables.

Requirements for entering a particular Order Contract.

2. Specification

2.1 CCS priorities

2.1.1 Crown Commercial Service (CCS) has three strategic priorities;

- Maximising Commercial Benefits;
- Focus on the Customer (Contracting Authorities);
- Strengthening the UK Economy through Effective Policy Delivery.

The Audio Visual Technical Consultancy & Commissioning DPS will have a positive effect on all three of these priorities.

2.2 Basic Scope of Service Types

2.2.1 As documented by the DPS Appointment Form the Supplier has demonstrated that they can provide at least one of the following three Service Types for the purposes of this DPS Contract:

- Audio Visual Design Consultancy;
- Audio Visual Integration, Installation & Warranty;
- Audio Visual Solution Support.

2.3 Filter Structure

The filters consist of two (2) distinct categories:

- 1) Services
- 2) Service Location

Within the filters for the Services and Service Location there is a second service level of identification required, as shown below:

DPS Schedule 1 (Specification)
Crown Copyright 2020

Filter Name	Service Type 1	Service Type 2

3. Mandatory Service Requirements

The following section sets out service requirements that must be satisfied by any Service supplied by Suppliers under the three Service Types;

The services under this DPS will be selected by postcode radius, the supplier must provide a postcode / radius in which they are able to provide the Service Type(s) they are registering to supply.

3.1 General Requirements - Audio Visual Design Consultancy

Technical Design consultants will be experts in collaborative technologies including audio visual. They will assess rooms and meeting spaces and create a design plan to integrate IT application suites and audio visual equipment that meets the customer design brief.

- Develop Audio Visual future vision and provide assistance to the customer in preparation of business approvals;
- Conduct room / space assessment for Audio Visual hardware & software services meeting customer requirements;
- Ensure the Technical Design plan provides state of the art solutions with full compatibility;
- Produce a Technical Design plan for rooms / spaces with vendor agnostic designs;
- Concept modelling and option development with customer;
- Provide Design Authority in support of the customer through installation & commissioning.

3.2 General Requirements - Audio Visual Integration, Installation & Warranty

The Audio Visual Integrators will procure, technically integrate, install and commission the hardware and software according to the Design plan provided by the customer brief. This is the full Turnkey solution, optionally the customer may request procure and install where no integration is required.

- Project management to end to end Installation of Audio Visual equipment;
- Conduct equipment procurement;
- Install equipment and conduct full solution testing to the satisfaction of the customer following a pre agreed testing regime;
- Provide training to users;
- Provide warranty for solution and solution components;

- Coordination with Architect and Building Services;
- Coordination with underlying active (LAN) and passive IT (Cabling) Networks suppliers.

3.3 General Requirements - Audio Visual Solution Support

The supplier will provide maintenance support to the solution including user training and upgrades. This is usually for extending the initial term provided by the Integrator although it could be used as an alternative to the initial Integrator support.

- Provide on-site and remote maintenance support Audio Visual solutions; defined by customer requirements;
- Procuring software licences and hardware support for AV solution;
- Customer training.

4. Security

4.1 Notwithstanding any other obligations contained in any Order Contract the Supplier shall at all times satisfy the following security requirements:

- 4.1.1 The Supplier shall be required to have their own security operating procedures that shall be made available to the Relevant Authority to provide assurance of data security.
- 4.1.2 The Supplier shall ensure that the Relevant Authority's information and data (electronic and physical) shall be collected, held and maintained in a secure and confidential manner.
- 4.1.3 The Supplier shall ensure appropriate security standard, controls and measures in place such as access to premises.
- 4.1.4 The Supplier shall provide secure premises for all individual Order Contracts awarded under the DPS Contract, which meet the relevant Buyer's individual security requirements.
- 4.1.5 The Supplier shall ensure that any suspected or actual security breaches are reported to the Relevant Authority immediately.
- 4.1.6 The Supplier shall provide details of their personnel security procedures and upon request by Buyers, details of all personnel that they intend to use in the provision of the Deliverables.
- 4.1.7 The Supplier shall ensure that the Relevant Authority's information and data is secured in a manner that complies with the Government Security Classification Policy rating.
- 4.1.8 The Supplier shall ensure that the Government Security Classification Policy rating is also applied when information and data is transmitted across all applicable networks and/or in line with the Relevant Authority's requirements.

For information, the Government Security Classification 2018 may be accessed here:

<https://www.gov.uk/government/publications/government-security-classifications>

- 4.1.9 A wide variety of non-secure, OFFICIAL, PSN accredited and HSCN compliant and enhanced security requirements may transpire throughout the duration of the DPS Contract.
- 4.1.10 Suppliers are expected to achieve and maintain appropriate security accreditation of the Deliverables as may be required by CCS and Buyers, in the case of the latter in accordance with Order Schedule 9.
- 4.1.11 Where the Deliverables are PSN Services they will comply with relevant PSN standards and processes, as described on the PSN website <https://www.gov.uk/government/groups/public-services-network> ("PSN Standards")
- 4.1.12 Where the Deliverables are HSCN Connectivity Services the Supplier shall comply with the HSCN obligations and processes described in the following documents on the HSCN website <https://www.digital.nhs.uk/health-social-care-network/connectivity-suppliers>
 - (A) HSCN Compliance Operating Model;
 - (B) HSCN Obligations Framework;
 - (C) HSCN Customer Network Service Provider (CN-SP) Service Management Requirement Addendum (HSCN CN-SPs are required to connect to 'NHS Secure Boundary');
 - (D) CN-SP Deed;
 - (E) HSCN Mandatory Supplemental Terms.

5. Vetting of Supplier Staff

- 5.1 Clause 7.1 of the Core Terms notwithstanding, the Supplier shall ensure that all Supplier Staff vetting procedures, under individual Order Contracts comply with the British Standard, Security Screening of Individuals Employed in a Security Environment – BS 7858:2012 or agreed equivalent, unless otherwise specified by Buyers.
- 5.2 The Supplier shall where applicable provide details of its Supplier Staff security procedures to Buyers and contact details of all Supplier Staff who will be involved in the delivery of the Services, when requested by Buyers.
- 5.3 The Supplier will ensure that all Subcontractors are vetted to comply with the British Standard, Security Screening of individuals.
- 5.4 To standardise the application of expertise [SFIA definitions](#) will be used.

6. Sustainability

- 6.1 Without prejudice to the Supplier's obligations under Joint Schedule 5, the Supplier shall, where requested by Buyers, work with them to identify

opportunities to introduce innovation, reduce cost and waste and ensure sustainable development is at the heart of their operations.

- 6.2 The Supplier shall ensure that they consider the relevance of sustainability at all lifecycle stages of the Deliverables provided under this DPS Contract including minimisation of negative impacts and the maximisation of positive impacts on society and the environment.
- 6.3 The Supplier shall, where applicable, ensure that in providing the Deliverables it does so in such a manner as to minimise any negative impact on the environment.
- 6.4 The Supplier shall work proactively with Buyers in relation to the provision of Deliverables, which includes but is not limited to, the following areas:
- noise reduction;
 - removal of unwanted consumables;
 - heat production reduction in confined spaces.
- 6.5 The Supplier shall be responsible, where applicable, for the collection and disposal of all packaging, materials and redundant or replacement spare parts in accordance with WEEE Regulations which can be accessed via the following link: <https://www.legislation.gov.uk/ukxi/2013/3113/contents/made>
- 6.6 The Supplier shall, where applicable, take steps to encourage the reuse of any WEEE generated in the provision of Deliverables as promoted by the WEEE Directive.
- 6.7 The Supplier shall demonstrate their full re-use or recycling streams upon request from Buyers.

7. Social Value

- 7.1 Social Value shall have a minimum relative weighting of 10% of the total score for the Order Award Criteria used in any Order Procedure undertaken using this DPS Contract. This is the expected minimum level for Central Government and Wider Public Sector (WPS) customers. Wider Public Sector customers may choose to set their own level.
- 7.2 Without prejudice to the Supplier's obligations under Joint Schedule 5 the Supplier shall identify any Social Value options which are appropriate to Buyers as part of any Order Procedure. Any Social Value options selected by Buyers at the point of Order Contract award, shall be in accordance with the Government's Social Values which are current at that point in time. Details of central government's current key priorities are at:
[Procurement Policy Note 6/20](#)
- 7.2 The Supplier shall complete annual Corporate Social Responsibility (CSR) assessments upon request from Buyers.

For more information on Social Value please see the following link
<https://www.gov.uk/government/publications/social-value-act-introductory-guide>

8. Our Social Value Priorities

- 8.1 In accordance with procurement policy note 6/20 (see 7.2 above) COVID-19 recovery is the key social value theme in this procurement. We expect this agreement to create a more robust workforce who are able to work at home or in the office depending on their circumstances and preferences. For example, a measure for suppliers to contribute to social value could be offering to provide some initial training on the use of the new technology, thereby upskilling the workforce.

9. Modern Slavery

- 9.1 Service Type 2 - Audio Visual Integration, Installation & Warranty has been identified as being at medium risk of containing modern slavery within their supply chains. A supplier applying to supply Audio Visual Integration, Installation & Warranty services will have to commit to using the Modern Slavery Assessment Tool (MSAT) post contract including key sub-contractors. The MSAT can be accessed at [MSAT](#)

The MSAT will be monitored post award, the assessments and risk scores will be reviewed and any suppliers with a red score (0-19%), an orange score (20-39%) or a yellow score (40-69%) will need to engage in discussions with CCS in which they will need to communicate how they will implement effective risk mitigation strategies to address modern slavery in their supply chains. Suppliers will be kept in regular contact and their progress with their Modern Slavery Assessment will be frequently reviewed.
