

When to use Corporate Finance Services (CFS) or Management Consultancy Framework (MCF)

Issue

There are a number of services (finance related) which are covered in both of the above frameworks. This document shows the different routes to market for both frameworks.

Route to market

Available only on CFS	Available only on MCF	Available on both
<ul style="list-style-type: none"> ● Access to banking suppliers ● Execution of specific corporate transactions ● Execution of specific equity capital markets transactions ● Execution of specific debt capital markets transactions ● Execution of corporate transactions in relation to the infrastructure sector 	<ul style="list-style-type: none"> ● Access to pricing based on time and materials, fixed or risk and reward ● Taxation ● Treasury management ● Accounting advice and risk ● Cash management ● Creditor management ● Financial accounting and reporting ● Forecasting and budgeting ● Foreign exchange ● Pensions and actuarial consultancy services ● Taxation including, but not limited to corporation tax and value added tax ● Treasury and risk management 	<p>Advice on:</p> <ul style="list-style-type: none"> ● Acquisition finance solutions ● Asset financial management including valuation, sales and disposals ● Capital fund raising, derivatives and hedging ● Complex cost benefit studies and analysis ● Corporate restructuring and flotation ● Debt restructuring and management ● Developing and assessing project proposals ● Financial policy and strategy advice including options appraisal, communications, analysis and modelling ● Financing public infrastructure projects and negotiations ● Investment, financial advice and market services ● Mergers, acquisitions

		<p>and divestment</p> <ul style="list-style-type: none">• Policy impact assessments• Private finance structures and financial products
